

## Talents to Share/Volunteer Opportunities

All parents can contribute to the success of St. Joseph School in many different ways. Do you have a special talent/expertise we could call on you to share or help during the year? Landscaper, painter, contractor, computer skills, community contacts, graphic designer, construction skills. . . just to name a few. . . .

Please list all skills you would be willing to share with St. Joseph School and earn parent volunteer hours doing it.

Name	Phone Number	Skill
